---

We have seen many disasters struck a nation or a community and with every disasters the resolution of survivors become stronger and their faith in God becomes more. As Muslims our duty is to help those who are in need. This is the time to test our faith and donate generously to help the earthquake victims in Haiti. Since morning ever since the news hit the wire we have seen many nations, companies, relief organizations committing to help the earthquake victims. Help should be pouring in Haiti from all over the world but as individual we cannot just sit and watch on television, we have to get actively involved. Please help by donating generously. Donation can be made at your companies website, many companies will be matching your donation. [You can also donate at Islamic Relief website](#) . [Islamic Relief has launched a drive to raise \\$1 Million to help the victims.](#)
